

HOW TO

GET PAID TO UPGRADE

And earn more commission!

An incredible experience for your customers is always a satisfying experience for you. But why not take it even further and upgrade your earnings while you enhance their stay? With our exclusive Get Paid to Upgrade program, you'll earn an **additional 2% commission** on the entire hotel portion of your booking just for selecting a higher room category.

HERE'S HOW IT WORKS:

Step 1: Begin Your Booking

Start a reservation in VAX VacationAccess for anywhere in Mexico, the Caribbean, Central America, or Hawaii.

Step 2: Find Participating Hotels

When browsing options, look for the red or green **"Upgrade Bonus \$ Available"** listing in the center column for all Agent Value IDs. A red Value ID means there is an upgrade bonus available for select room categories but a bonus is not available for the lead-in room category.
